

**REMARKS**

A supplemental response is being filed to incorporate an amendment to claim 1 that was inadvertently omitted in the response filed May 21, 2004.

Applicant also files a replacement sheet of Fig. 2 in which "transducer" was missing on the replacement sheet of Fig. 2 filed May 21, 2004.

While the present application is now believed to be in condition for allowance, should the Examiner find some issue to remain unresolved, or should any new issues arise, which could be eliminated through discussions with applicant's representative, then the Examiner is invited to contact the undersigned by telephone in order that the further prosecution of this application can thereby be expedited.

Respectfully submitted,
